

## 1) Ask the Bible

The Bible provides clear understandable answers to the deepest questions of the human heart. Questions about eternal life, the world condition, peace of mind, life after death, heaven, hell, the last days, prophecy, and Jesus Christ.

Many misunderstand the Bible by reading into it rather than allowing it to speak to them. Rather, we should allow Scripture to interpret Scripture without projecting our own preconceived ideas into the text. So, let's ask the Bible some questions about itself...

**1. How does God communicate with a fallen race? (2 Peter 1:21)**

**2. Since the Bible was written by human beings, how much of it is actually inspired by God? (2 Timothy 3:16)**

---

---

**3. Since scribes copied the Bible repeatedly throughout the centuries, is it still reliable today? Can we really trust the Bible? (Psalm 12:6-7)**

---

---
